Use of this document is completely free and companies can print the quantity they need at their own expense.

A special logo has also been created for those companies that would like to show their community pride and participate in the momentum that's taking place. See the [We Are Limitless logo](#). Businesses like the Economic Development Corporation, Decatur Industrial Electric and others include it in the footer of their website with a link to the Limitless homepage.

Our Limitless Ambassadors and I can be available to visit with your recruit or group of young professionals. I find the most compelling sales tool are hearing from those that live in our community.

It's important to note that the marketing and branding campaign includes all of Macon County, as indicated in the logo tagline, not just Decatur. We have many wonderful assets in the area and we feel our efforts will be most powerful by marketing the entire community.

If there's anything else I can do to assist in your efforts, please don't hesitate to contact me. I'm happy to help. Also, don't hesitate to send feedback. We will all benefit from the success of the campaign.

Sincerely,

Nicole
